I am doing my homework and I have to write about the most important thing in my life. For example , my father said that friendship is the most important in his life because he and one of his friends often helped each other when they were in trouble. The most important thing is my watch. My grandfather gave it to me when I entered junior high school. Now I am more interested in this topic and I want to know about other people's important things. What is the most important thing in your life? Why do you think so?
