Would you prefer to travel between Osaka and Tokyo by airplane or by bullet train (Shinkansen)?

解答例

I would prefer to travel between Osaka and Tokyo by bullet train, Shinkansen, because it is easier to use. When you would like to go to Tokyo now, you only have to go to Shin-Osaka Station. Even if you can't buy a reserved ticket, you can get on the train that is about to leave. On the other hand, it takes you more time to go on board the plane.
